

# Declaration of Performance

Issued on 1<sup>st</sup> of April 2019 at A.caminetti

## PRODUCT

|                      |                                              |
|----------------------|----------------------------------------------|
| Type                 | Room heater fireplace insert with solid fuel |
| Designated Name      | Flat Premium 90x60                           |
| Manufacturing Code   | F96                                          |
| Intended area of use | Domestic heating                             |
| Fuel                 | Beech Wood                                   |

## MANUFACTURER

|         |                                                    |
|---------|----------------------------------------------------|
| Name    | A.caminetti                                        |
| Address | National Road Km2 Korce-Erseke/Korce, Albania 7001 |

## CHECKS

|                   |                                                                                               |
|-------------------|-----------------------------------------------------------------------------------------------|
| According to AVCP | System 3                                                                                      |
| European standard | EN 13229:2001; EN 13229:2001/A: 2003 EN 13229:2001/A2: 2004, MPS 314/2.4.1<br>MPS 11/2.2/2018 |
| Test institute    | Technicky Skusobny Ustav Piestany                                                             |
| Test report       | 193000001/314/6                                                                               |

## DECLARED PERFORMANCE

| Essential characteristics                | Performance | Harmonised technical specification   |
|------------------------------------------|-------------|--------------------------------------|
| Minimum distance to combustible material | 800 mm      | BS EN 13229:2001 + A1:2003 + A2:2004 |
| CO at 13% O <sub>2</sub>                 | 0.082 %     | MPS 314/2.4.1                        |
| Total nominal output                     | 19.20 kW    | MPS 11/2.2/2018                      |
| Efficiency                               | 83.02 %     |                                      |
| Flue gas temperature                     | 212 °C      |                                      |
